QWIKLINE™ THREAD CHASER

*World's Fastest, High Precision
Industrial Thread Repair Tool
... 60 Seconds or less to
Great Threads*

QwikLine's revolutionary, patent-pending QwikLine™ Thread Chaser is a line of heavy duty, industrial strength products used to repair damaged threads on bolts and rods. The "QwikLine™" slides down the bolt or rod over the damaged threads, aligns with the good threads, then reverses back up the entire bolt or rod, repairing the damaged threads along the way.... in a fraction of the time with greater precision than other methods.

Product Features

- Can be used with both Impact Wrench or Hand Wrench
- Small form factor for use in tight spaces
- Cutters made of Heat Treated, Hardened Tool Steel (60 Rockwell)
- No Oil needed
- Wide Range of Sizes Available: S.A.E. (3/8" to 4") and Metric (10mm to 100mm), with larger sizes available upon request
